Marie

We are comfortable with that language. The final audit report may not be complete by Aug 31st, but we are comfortable that the audit will occur by that date. Thank you.

Ruth

Ruth –

Since I have heard no response from you, I've edited our letter to say that Marathon has rescheduled its LDAR audit date to occur by August 31, 2020. Let me know if this is a concern for you or if Marathon has determined this is not possible.

Thanks,  
Marie

OK, thank you for following up with me so quickly. Just so I'm very clear about what my plans are, I'm intending to modify our FM notice response letter to state that you're moving the LDAR audit to occur by August 31, 2020. I apologize if me stating that takes you by surprise. Let me know if that is of concern to you. If not, I think there is a good chance you can receive a copy of our FM notice response letter electronically by tomorrow.

Thanks, Marie

Marie

I checked in with our site supervisor (Rebecca Nolan) on 3<sup>rd</sup> Party LDAR audit scheduling. The short answer is yes, we believe we can get it accomplished before August 31<sup>st</sup>. We will work with our 3<sup>rd</sup> party vendor to get it scheduled before that date, and assuming they can accommodate the schedule, should not foresee a problem. As soon as we have a confirmed schedule, we will let you know.

Thanks  
Ruth

Hi Ruth —

Following up on a voicemail I left you earlier, would Marathon be able to reschedule the LDAR audit at St. Paul Park such that it would occur by August 31, 2020? The notifications Marathon has sent to Region 5 so far have left the date that audit would occur by open-ended, which I can understand may have been driven by uncertainties about the future. Still, I believe MPCA has indicated that SPPR is back to being fully staffed at this point and I am in general wondering if Marathon has been able to determine the new date for the SPPR LDAR audit.

Thanks,

Marie
